ERRATA TABLE

Preliminary Draft Land Use Recovery Plan Corrections

The table below sets out corrections to the Preliminary Draft Land Use Recovery Plan. This table lists corrections of a substantive nature only. The table will be added to if more corrections are noted and required.

Table - Errata

	Provision	Error Statement and Correction
1.	Response 5 (page 29)	Response 5 incorrectly refers to an independent review recommended in R14. The independent review is actually recommended in R4.
2.	Response 32 (pages 44 and 56)	Response 32 (pages 44 and 56) incorrectly states that land at Southbrook is covered by District Plan amendments set out in Appendix 4. It should instead state the following: "Statutory Direction: provide proposed District Plan provisions to the CER Minister for Greenfields business land at Southbrook."
3.	Appendix 4 (Amendments to the Waimakariri District Plan)	Appendix 4 (Amendments to the Waimakariri District Plan) incorrectly directs amendments to Planning Maps 34 and 46 in the plan change text. These planning maps are not included in the proposed District Plan changes set out in Appendix 4.
4.	Section 7.2.1 (page 61)	Section 7.2.1 should also refer to the inclusion within Appendix 3 of zoning provisions for the land within the Upper Styx ODP area known as "Highsted" and referred to in the Plan Change 72 material contained within Appendix 3.
